

Problem 1 is to be answered by e-mail by 10:00 am on Friday, September 30.

1. Send email to semerson@u.washington.edu including the following information:
 - a. your name (include what you want to be called)
 - b. your campus mail address
 - c. your major department
 - d. your degree program
 - e. your prior exposure to statistics
 - f. the email address at which you would like to receive all class notices (you are responsible for informing me regarding any updates to this address)
 - g. which discussion section you are currently registered for (or intend to register for) and plan on attending most often
